**Attachments:** CXR1002 Berlin Poster Macpherson.doc , CXR1002 Berlin Poster Macpherson.ppt

Hi All,

Please find attached a poster presentation of PFOA used to treat cancer patients. It shows good results. DuPont and 3M have to report this via an TSCA 8(e) and it has been proposed that we actually reprot this via PlasticsEurope as a group.

I will be working with John and Gerry to draw up the letter. If any body has comments I need them by the middle of next week.

Thanks

Mike
